

SOLACE

care and support for children
with long term illness

Respite Center

INAUGURATION

On April 16th 2017 Sunday, 3.30 Pm • At Kiraloor, Near Mundur

Solace, in its decennial commitment is about to dedicate the longing dream of a respite center for children with their carers.

Solace Respite Center is a place for children with mothers, apart from their home and hospital, intending to provide relief, care and planned short term breaks. This is definitely a place that extends support for mothers, whenever they are in a crisis situation. Respite Center will also provide an interim care between chemotherapy.

Let us join together **on April 16th 2017 Sunday at 3.30 pm** to strengthen our togetherness in this continuous journey.

Inauguration
